

Report on Environmental Studies Tour

The students of Commerce were taken to Hasara for Environmental tour on 15/04/2024. The purpose behind it was to make students understand the complex relationship between human and natural systems, and addressing the various environmental challenges facing the country, such as climate change, deforestation, air and water pollution and biodiversity loss.

Students spread the awareness to the people living in the neighbouring town that stop using of plastic and throwing outside instead of it carry jute bags and plant the trees every year to decrease the global warming. Total 45 students from B. Com IV Semester participated in this tour. Dr. Hitesh Kalyani, Prof. Narendra Mandiya, Dr. Snehal Nasre, & Dr. Vyankatesh More assisted for this environmental tour.
