Suggestions to college/IQAC:

The following suggestions can be deduced from the analysis of alumni feedback for the "actions to be taken"

1. Most of the alumni are not happy with infrastructure and Laboratory facilities and hence in coming session attention must be given towards infrastructure and equipments and other thing for laboratory. The administration of college should take some action in connection with Infrastructure. RO WATER for drinking. Campus should have WI-FI connectivity
2. For this session (2014-15) feedback alumni think that the support services should be increases and there is need to activate support services department.
3. There is canteen in college campus but there is urgent need to improve the canteen.
4. The hostel facility should be started.
5. 72% alumni rated learning experiences are very good. For excellent rating teachers have to include modern teaching aids in teaching. They should start preparing power point presentation and other innovative teaching aids to stimulate the students for better understanding.
