### Suggestions to college/IQAC:

The following suggestions can be deduced from the analysis of alumni feedback for the "actions to be taken"

1. The Training and placement cell should be developed. Campus should have WI-FI connectivity. The number of girl students is increasing year by year & hence the girl's common room should be properly maintained.
2. For this session (2021-22) feedback, alumni think that the Training and placement department should be improved.
3. Teachers should start preparing power point presentation and other innovative teaching aids to stimulate the students for better understanding and improvement in teaching & learning section to change the rating from very good to excellent. The college administration is further hereby suggested to make smart board and LCD equipped classrooms since present facilities do not fulfill the needs in this regard.
