

## PARENTS FEEDBACK REPORT

The college has an active and continual Feedback system through the committee called a "Feedback Committee". Feedback is the fundamental principle that underlies all self-regulating systems. The development of any college depends upon a well functioning of this committee. The feedback from Parent in terms of its relevance and appropriateness are considered to be a key aspect for enhancing the Academic and administrative part of the college.

Parents form a special stakeholder for the college and create the institution's reputation through their success in their career path. Parent's network forms a bridge between the current students and the Parents. They make the college proud by bringing laurels to their work – be an employee or an entrepreneur
