

STUDENT FEEDBACK REPORT

(ACADEMIC YEAR 2021-22)

This is a presentation of the student feedback of academic year 2021-22. Every year at the end of the second session feedback committee through its student feedback in charge organizes feedback for last academic year. Feedback committee of our college knowing importance of student feedback on teachers and teaching in classrooms has worked out and developed questionnaire form. Students are thus a potentially valuable source of information about their teacher who teaches them. This feedback will help teacher to focus on the student evaluation and improving teaching methodology.

The methodology for student feedback to achieve the 'purpose' plays an important role in the process of overall development of our college teaching faculty for better teaching. Hence to organize this feedback, a **ONLINE** survey questionnaire form was developed in Google form by the feedback committee of the college, it consist of 10 key parameters of teaching as – **Communication skill** (in terms of articulation and compensability), **Interest generated by the teacher**, **Ability to integrated course material with Environment/** Other issues to provide a broader perspective, **Ability to integrated content with other courses**, **Accessibility of the teacher in and out of the class** (includes availability of the teacher to motivate outside class discussion), **Ability to design quizzers/ examinations/ assignments/ projects/ to test understanding of the course**, **Provision of sufficient timely feedback**, **Knowledge base of the teacher** (as perceived by you), **Sincerity/ Commitment of the teacher**, **Overall rating**. These things are rated on the scale of 1-4 i.e. Unsatisfactory (1), Satisfactory (2), Good (3) and Very good (4). The Frequency is taken as 25 Students and feedback is obtained.

The evaluation report of feedback given by the students for teacher shows that 90% teaches have very good **Communication skill**. Students give 96.67% very good ranks for teachers having **Interest generated by the teacher**. **Accessibility of the teacher in and out of the class** as well as **sincerity & commitment of the teacher** of our college scores 93.33% from the students. 60 % Students rated very good while 40 % as good for the **Ability to integrated course material with Environment**. The 37.67 % students rated very good for the **Ability of faculty members to design quizzers/ examinations/ assignments/ projects/ to test understanding of the course** and 63.33 % students think that faculty of college is good for this task. 73.33 % students consider that the faculty members of our college are very good for **Provision of sufficient timely feedback** while rests are good. All the students thought that the faculty members of our institute are **Knowledge based**. **Overall rating** of the teachers rated as 73.33% Students gave very good rating, while approximately 26.67 % students rates for good rating.

Good Responses:

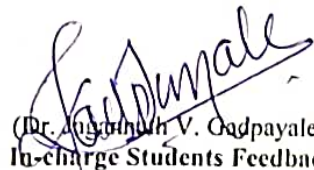

1. All the students of college rated very good response for **Communication skill** and **Interest generated by the teachers**, the **Accessibility of the teacher in and out of the class** (includes availability of the teacher to motivate outside class discussion), and **sincerity & commitment of the teacher**

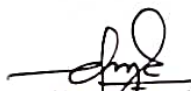

Suggestions to IQAC:

The following suggestions can be deduced from the analysis of student feedback for the "actions to be taken"

1. For the **Ability to design quizzers/ examinations/ assignments/ projects/ to test understanding of the course** and **Ability to integrated content with other courses** of teacher students expect more hence they gives above 60 % good rates and only 36-40 % for very good.
2. **Provision of sufficient timely feedback**, **sincerity and commitment** and for overall rating of all teachers' scores 73.33 % as very good ratings but it needs to be above 90%.
3. Enclosed Annexure showing teachers individual performance on above parameters.

Date: 29/12/2022
